Cure Twist®

Attractive, ready-to-use intermittent catheter for women

The comprehensive line of Cure Medical intermittent catheters includes options for men, women, and children. Benefits associated with Cure Medical catheters include:

- Smooth, fire polished eyelets are designed to provide comfort.
- Products are not made with potentially harmful chemicals such as DEHP/DINP, BPA, or Natural Rubber Latex for safety and peace of mind.
- We support medical research.

Cure Twist®

The small Cure Twist® is similar to the design of a cosmetic item - so it is an ideal choice for women who value portability and discretion. It features an easy, twist open top and smooth, fire polished eyelets on a straight tip. The Cure Twist® offers ready-to-use convenience and discreet portability. Water soluble gel helps enable comfortable use with a 'No Drip/No Mess' benefit.

After use, the Cure Twist® catheter can go back into the container for clean, secure, and discreet disposal.

The Cure Twist® is offered as a single and as a Kit with insertion supplies - including a BZK wipe, ambidextrous gloves, an underpad, and 1500 ml collection bag with a universal connector.

The small Cure Twist® looks similar to a cosmetic item - for discreet portability!
